INTRODUCTION

The National Park Service (NPS) Socio-Economic Studies Division (previously Statistical Office) acknowledges the conscientious efforts of the field staff of the many areas of the National Park System. Without the effort of the park staff to count, record, and report the data summarized here, a statistical report of this quality would not be possible. Public use data is collected and analyzed monthly. A program of auditing park counting procedures is conducted to ensure consistency and accuracy of data.

The gathering and publication of these statistics is in accordance with Public Law 88-29, "An Act to Promote the Coordination and Development of Effective Programs Relating to Outdoor Recreation" and related legislation. Definitions of terms in use here are given at the end of this report. The definitions are those initially outlined by "A Uniform Method for Measuring and Reporting Recreation Use on the Public Lands and Waters of the United States", unpublished guideline of the Recreation Advisory Council Study Committee Number Two, April 1965.

Footnotes are provided at the end of this report. The footnotes describe conditions at parks which may require important adjustments for certain applications of these data.

National Park Service professionals are rededicated to their fundamental mission as archivists of the Nation's history, providers of educational and leisure time opportunities, and protectors of our resources for future generations.

Timely, reliable, and useful information is fundamental to effective management and planning of the National Park System. This annual report is a general summary of visitation records for the year. Comments or requests for additional statistical information should be addressed to:

Rural Area Park - A park located outside of any MSA and accessible by paved highway, scheduled air or marine transportation service.
Suburban Area Park - A park located outside the central city but still within a MSA of greater than one million population. Urban Area Park - A park located within the central city of a MSA.

CLASSIFICATION. Designated names for areas administered by the NPS may be found in the publication, The National Parks: Index 1991.

CONCESSIONER. Private company or individual granted the privilege of providing facilities and services considered necessary by the NPS for accommodating visitors.

CONCESSIONER CAMPGROUND. An element of a concessioner operation involving services for overnight camping, land for camping, or equipment for camping.

CONCESSIONER LODGING. An element of a concessioner operation involving facilities for overnight lodging such as hotels, motels, cabins, cottages, trailer villages, and trailer rental.

MISCELLANEOUS OVERNIGHT STAY. Any overnight stay not otherwise defined (sleeping aboard boats, camping in organized groups, and/or any other overnight stays not included in other categories of overnight stays, except inholders which are nonreportable).

MIXED AREA PARK. See Category.

NATIONAL PARK SERVICE (NPS). A Department of the Interior (DOI) agency which administers approximately two dozen types of federal land, nationally significant for their scenic, natural, scientific, historical, or archeological interest (see CLASSIFICATION). The agency was established as a Bureau of the DOI by Act of Congress, August 25, 1916. The NPS does not administer National Forests (United States Department of Agriculture/Forest Service), Wildlife Refuges (United States Department of Interior/Fish and Wildlife Service), or a variety of other lands available for public use.

NEGLIGIBLE TRANSIT. A brief, incidental entry into a park by passing traffic (vehicular or pedestrian) using NPS administered grounds, roads, or walkways (See NONREPORTABLE VISITS).

NONRECREATION VISITS. Reportable nonrecreation visits include visits by
(a) persons going to and from inholdings;
(b) through traffic;
(c) trades-people with business in the park;
(d) government personnel (other than Park Service employees) with business in the park.
